Your Money Map

Step 1 of the journey: know where you are. Fill it in with this month's numbers.

1. Money in (monthly, take-home)

Salary / wages	₦
Business or side income	₦
Investment income (interest, rent)	₦
Other income (family, allowances)	₦
Total money in	₦

2. Money out (monthly)

Rent / housing	₦
Food and groceries	₦
Transport	₦
Data, airtime, subscriptions	₦
Family support and giving	₦
Loan repayments	₦
School fees (yearly ÷ 12)	₦
Fun, eating out, treats	₦
Other	₦
Total money out	₦

4. What you own (assets)

Cash and bank savings	₦
Investments	₦
Business stock and equipment	₦
Land / property (price paid)	₦
Other valuables	₦
Total assets	₦

5. What you owe (liabilities)

Bank loans	₦
Loan apps	₦
Owed to family / friends	₦
Unpaid bills or trader credit	₦
Other debts	₦
Total liabilities	₦

3. Surplus

Money in − money out = ₦ _____

Savings rate = surplus ÷ money in = ___ % (aim for 20%+)

6. Net worth

Assets − liabilities = ₦ _____

Update it every 3 months.

Safety check

Cash savings ÷ money out = ___ months

Aim for 3, then 6.

Want this to update itself as you spend? Kopkad tracks it for you: app.kopkad.ng
